FOR IMMEDIATE RELEASE

DRAINAGE PROJECT BEGINS TUESDAY NOV. 30 ON ROUTE 66 AT PEPPER AVE.

Rialto/San Bernardino - California Department of Transportation (Caltrans) highway maintenance crews will repair drain damage along Foothill Blvd. (Route 66) at the corner of Pepper Avenue, located at the Rialto/San Bernardino city border. This two-week project will start Tuesday, November 30 at approximately 7:30 AM and continue Monday to Friday until Monday, December 12. The maintenance work will consist of digging out the inlet, replacing pipes and concrete and restructuring the drainage inlet.

Continuous lane closures are necessary to complete the work safely and will be in effect until December 12:

- ◆ The right lane along southbound Pepper Ave. at Foothill Blvd.
- ◆ The right shoulder along eastbound Foothill Blvd. at Pepper Ave.

Traffic delays are not expected. However, motorists are advised to drive with extra caution and are reminded to obey the flashing traffic signal in place throughout the duration of the project. Always remember to **SLOW FOR THE CONE ZONE**. Caltrans wants to thank motorists for their patience while we work to improve the roadway.
